“ I remember When first met Bobby. My Dad took my 1970 Tempest Pontiac over to Florida Transmission when they where Hyman Myers Industrial Park off of Canal Street.

Bobby was a great guy. He just heard how the Car was sounding when we drove up and told my Dad to pull up to the Rack. The did something under car and told us he would see us later.

I will never for that act of kindness.

Every time I saw Bobby over the years, he was always smiling.

God Bless Bobby and God Bless the family

“ Bobby Ray was one of the best mechanics I have ever known. I believe he could place his hands on a vehicle and diagnose the problem . Through the years he was a friend as well as the crew at Florida Transmission.
