“ Cheryl "Cherrie" was my best friend since kindergarten. As we got a little older, we walked one mile to and from school and talked about "everything." Cheryl was the sweetest best friend anyone could ever hope for. We both were involved in all kinds of school activities as we progressed through the grades. Later on she and I both married and were military wives. We traveled with our husbands on assignments in many corners of the world. We are so sad about Cheryl's passing but will think of her often and miss her always. Butch & Barbara Walsh (nee Domanski.)

“ On one of Aunt Cheryl’s visit to NC she had a fancy rental car with remote. This was when they first came out and not everyone had one. We sat on my front porch one evening and she would make the horn honk and lights flash each time a car passed. For whatever reason Aunt Cheryl, Kris and I got the biggest laughs out of watching the cars slow down or swerve past it. Aunt Cheryl had the best laugh and smile. She will truly be missed. Until we meet again Aunt Cheryl, I hope your laughing all the time up there.
