“ I knew Cornelia through BAH. She was always a kind, caring, compassionate friend to all who entered the doors. She took such care through the good times and the most difficult of times with my furry family. I will miss seeing her beautiful smile and hearing her wonderful laugh. My deepest condolences to her family and friends.

“ Jack, I just wanted to share a memory I have of Cornelia. Shortly after you two were married, she shared her happiness about being married, and highly recommended that I should do the same. It was so refreshing to talk to someone so excited about marriage. She also spoke about how much you loved the cats as well. I am truly sorry for your loss. We will all miss her.

“ I met Cornelia at the Bradfordville Animal Hospital in the mid 90's. She was always warm and compassionate with the two legged and four legged animals. She loved all animals and took many of them home. While at the clinic, I learned that she was a master of computer technology. She built and maintained my wonderful custom designed website that I have used for almost 30 years. Cornelia was one of a kind. She was a humble person. She was so talented and loved helping people. She was very excited about creating her jewelry. We will all miss her and we will have her spirit surrounding us. Love you, Cornelia. Joan Raley

“ I did not personally meet Cornelia until she was in Hospice but feel honored to have gotten to visit her there, share with her, and pray for her. Jack has been a friend for 20 years and I grieve for him and know he shared all her pain as she valiantly fought this battle. Anyone who loves animals as she did has a tender heart and I'm sure it showed. Blessing her with the love, mercy, and compassion of the Savior. Amen.

“ Cornelia you will be missed abundantly. No one could ask for a better daughter in law. You were definitely a animal lover. You could do anything you chose to do. I still have the bracelet you made for me. It was lovely. Rest well until we see you again.

“ *Cornelia was a wonderful daughter in law. She was a marvelous cook and baker. Especially home made bread which she brought to family get together. I have wonderful memories of her new year eve dinners. She had many talents. In fact she could do anything that she chose to do. I still have her bead bracelet with a cross on it that she made for me. We're thankful her suffering is over and she is resting in peace.*

“*I've known Cornelia for close to 35 years. She was a very skilled and talented individual with a true love of animals. From her early days working at the pet store in the mall, to working at the animal hospital for so many years, it was clear that animals, big and small, were her passion. She was a talented jewelry maker and a great web designer. I was very honored to be asked to participate in her wedding to Jack about 20 years ago. I met Jack in 1988 and it was through him that I was introduced to Cornelia. So in making friends with Jack, I got another friend in the process with Cornelia. She will be missed greatly by me and my wife, and I know she will live on in the memories of those who loved her and knew her.* Jeff and Becky Carter
