“ I will always remember my Grandma, the incredible person she was, the kind soul, and loving family grandmother. She was always ready to take me on adventures whether it was to stop on the side of the road to look for fossils, go for a scary Halloween walk around the neighborhood, or going shopping for scratch off lottery tickets and Magic cards. Grandma always took time to learn about my talents, hobbies, and interests and has always been one of the foundational supporters in my life. I am so thankful to have spent so much time with Grandma over the past 32 years and the love and memories we had as a family will continue to perpetuate well beyond my generation to my kids and kids, kids.

“ Heaven gained a beautiful angel. Grandma, I will always cherish every moment we spent together; from our crazy adventures to our relaxing chats over coffee. You were not only my grandma, but my best friend. It truly breaks my heart that I won't be able to just drop by or give you a call. You will be missed more than I could ever put into words. I love you with all my heart! ❤️
