“ A week ago today I had my last conversation with my friend Dotty. If I had only known it would have been my last there is so much more that I would have said. She seemed to feel good and we were just catching up on soap opera, family and making plans for our next outing for the golden girls. It will never be the same again. I have known Dotty since 1969 when I went to work at Agriculture. We became sister friends and made so many wonderful memories together. God blessed me so much by putting her in my life. There are so many funny stories that I could share but that would take up way too much space. Dotty and Jerry were inseparable and such a cute and sweet couple. Dotty may be gone physically but will always be in our hearts and memories forever. I will always be a part of their extended family if they will allow me to be. May God bless and comfort Jerry, Terry, Jason and the rest of the family during these sad times. Love, Pat Langford

“ At 5 years old in the Fall of 1946 I left for my first day of school. Little did I know that I would meet a classmate that would result in a friendship that would last over 70 years. I will treasure all of the memories of our friendship and keep them in my heart for the rest of my life. Love you and miss you already, Arlene

“ Posting a note about Dottie is so inadequate...she was a very special devoted friend...always ready to help or go where needed but sports especially FSU baseball was her love as well as watching Austin & Hayden play their sports...loved the mountains & shopping in all the shops & craft fairs & Jerry ready to not only take her but allowed some of us old friends to tag along....she has made a lasting impression on me as how friends should be....rest well Dottie but your family & friends are going to miss you so much...love you!

“ Dorothy was always Dodie to my family. She was my first cousin (her father and my father were brothers). I remember when I was very young and she was about 13. She and a friend (Arlene) decided to tap-dance for a talent show and gave my mother and I a preview. I remember clapping with youthful enthusiasm for their performance and I remember at how amazed I was on their ability to pick that up and do it so well.

Dodie, I will miss you.

your cousin,

Jack (known as Jackie to her) Null
