“ I remember her laugh.. She had a laugh that was robust.. In earlier years, if she heard something funny and if you were near her, you would definitely know it !

“ We would like to send our condolences to the family of our cousin Dorothy. We cant help but think back to our many college memories with Dorothy and all the fun we had growing up in "the valley". She will surely be missed.

“*Mr and Mrs Williams are two very beautiful people. When I first met them a little more than 2 decades ago I was the recipient of their unmerited love. They accepted me into their heart without a question nor a hesitation. Over the years we shared meaningful conversations and good hearted laughter. "Dorothy", so often Mr. Williams uttered so passionately when he would tell me how wonderful and loving she was, how forgiving, and how fortunate he was to have her. I will always remember her as "MRS WILLIAMS"; she spoken lovingly, motherly love, to me always. May Paradise await you and All The Best!*

“*In Loving Memory of My Aunt Dorothy*

One of my favorite memories of Aunt Dorothy is that she loved to laugh. Aunt Dorothy had the ability to brighten any day by sharing daily observations of situations that she found hilarious. Her laughter was highly contagious. When I bought my first car, which was my Mother's 1968 Pontiac, she was all in to give me driving lessons. My cousins Kenneth and Kevin always rode in the back seat while she was teaching me to drive. Aunt Dorothy was a very patient and brave driving instructor. On one occasion we were driving though FAMU campus when I gained a high rate of speed, lost control of the car, and almost drove into a chained link fence. Everyone in the car was terrified including Aunt Dorothy. However, to hear her embellished recount of the event always had me in stitches laughing about what happened that day. Rest in peace, Aunt Dorothy. Thank you for the laughter and teaching me how to drive. You will always stay in my heart.

“ *Ella and family,*

Our thoughts are with you! We believe what scriptures tell us, that to be absent from the body is to be present with the Lord. Believers know that we are just here temporarily and that our permanent home is in that place of many mansions God has prepared for those who love him and accept his son, Jesus.

To sorrow when our loved one departs from the earthly realm is natural. Scripture also tells us, Jesus wept. We sorrow because they have left us here and we will miss seeing them; but in just a few more days we shall see them again. Be of good cheer and think on the memories you and your sister made together and always carry them in your heart.
