“ I worked with Doug at Cellular One for several years. We were fast friends and he never failed to make me laugh. Every time I make coffee I think of his “Coffee Plus”. We both thought our office coffee was too weak and whenever Doug would make coffee he would use 1&1.5 packets - hence the coffee plus. Though we lost touch with one another over the years he was never far from my thoughts. I can't make the service due to my work schedule but I will be with you all in spirit. My deepest condolences- Karyn (aka Vandee)
