“ Lynn Cobb's professionalism and dedication have been mentioned and for good reason. But it is important to add that Lynn was a kind and thoughtful person, as well. She relished the many and enduring friendships made over the years because of her legislative work, going back to the early years working with "Mr. Chairman" Elvin Martinez. The work was and is serious. But what great fun all involved (members, staff, whoever...) had in the process! Lynn became and remained the consummate staffer and added countless names to her roster of professional admirers and of dear friends.
We are sad for ourselves and for our Florida that she is gone.
We pray for Lynn's family.

“ *To Lynn's Husband, Daughters and Granddaughters:
My family and I are very saddened and shocked to hear of Lynn's passing.
We visited with Lynn and her family in July of 2015 when Lynn and her family hosted the 55th class reunion of the Brenham Texas High School Class of 1960.
Lynn and her family were such gracious hosts and who entertained our two daughters every moment we were with her. My family and I wish we could be with you at the service however, our girls must be in school. Our prayers go out to you at this difficult time.

“ Lynn was such an amazing co-worker. She worked extremely hard for all of the people of the State of Florida. I am very thankful that I had the privilege of working closely with her during my time in the General Counsel's office at The House. Lynn was definitely a pillar of The House, and her presence will be GREATLY missed by everyone there. Lynn may be gone, but there is absolutely no way that she will ever be forgotten!!!!!! Love you Lynn!!!

“ *So very saddened by the loss of my friend Lynn. Lynn and I became friends in the early 80's and ran many miles together as she trained with me for my second marathon. On Lynn's first run with me in the Apalachicola National Forest we had a close encounter with a 4-5' Diamondback. I don't think she ever forgot that little nature experience. My prayers go out to family and the many, many friends who considered Lynn as family.*

“Lynn played a part in helping me get a job at the agency I have worked at for 30 years. She was my coworker at first but went into policy work. She was truly dedicated to her work and her vision of making things better for people, particularly in the field of education. I will not forget the kindness she showed to me. I also loved to hear her talk with that friendly "Texas twang." She went too soon.
