“ *I remember, after a family reunion, your dad, Sue and I went and visited the house he grew up on Glenwood Street. The owner let us tour the house. and afterward we went to his old neighbor (house to the left) where the owner shared many happy times when your dad would come over when he was growing up and the two of them shared many fond pleasant memories and fellowship together. It was a very sweet time. She was very happy to see him. Dave & Sue*
