“ He is the son of my Mother's older brother Bud. We lived in the San Fernando Valley of Los Angeles, California. Their whole family would come and visit us from Florida in the 1950's. We would have so much fun then as kids. I remember one time Monte and I got a little rambunctious and dusturbed a neighbor. The mother came over to my house and threatened to Monte's and my Mother that if we didn't stop whatever we were doing (I don't remember what it was) she would come over, cut off our ears, and put them in a cigar box. This is what I remember. Whether it is what she actually said or not, it is what I remember. We had so much fun.

Best of times. My favorite cousin.
