“ *Patty was always there for me from the time I can remember. She was there through thick and thin including the time she took me to school with her and she told me on the way I had to be good (I was only 4 or 5) and of course I didn't behave. She let me have it all the way back down to Grandma's verbally and the next thing I knew she was asking me if I wanted to walk up to Leasures for candy or gum. She was a sweetheart. One of the more trying times was when we took care of her sister Virginia(Nook). It was very hard on both of us emotionally. I love you Patty and always will.*
