“ Grandma Lott loved her family so much and that was apparent with her being my Grandma. Her greatest joy she once told me were her children and grandchildren. My memories of her are of her natural nature as a mother. She was always so happy to see her grandchildren and I stayed the night at papa and Granny's house with my cousins often where we played as children. There was always adventure as we got in her van and went to the Dollar Tree and McDonald's. Everyone always knew Granny Lott and loved her sweet spirit. My memories will always be there and I am sure she is now an angel.

“ *Momma,  
I'll always remember your sweet personality and sense of humor. I loved the way you always came up with something funny so quickly in response to what people said. My girls loved you, too, so much. We've often enjoyed talking about the things you did with them when they were young. We have so many special memories. I've especially enjoyed this last year and being so close to you where we could visit everyday for as long as we wanted. Momma, I owe so much to you. You were always my cheerleader and best supporter. My first and most complete love. It will be hard and I will miss you so much, but I know without a doubt that you want me to be happy and live my life bravely like you did. You will be with me everyday for the rest of my life.*

*Love always,  
Roxie*
