“ God knocked it out of the park when He gave me you as a friend and sister. I wish I had some really cool words to share with Jr & the rest of the family, but I just don't. The only things I can tell them, they already know. They know that you were the most unique person on the planet. Bossy, strong, fragile, beautiful, smart, funny and the best friend a gal could ask for. We always joked that your job in heaven would be to rock babies. I know you're doing that now. I will never forget you, Tracey. I love you like a fat kid loves chocolate. I will always sing your song.
